

Community Task Force: Spring term collaboration event

AGENDA

Monday 26 February 2024, 1300-1500, Prince Albert High School, B42 2TU

Enabling every individual to succeed | Tackling and Reducing Poverty

Prince Albert Community Trust’s 3rd flagship community task force event brings together a wide range of community stakeholders, societal and charitable initiatives, partnerships and support organisations: providing a safe and supportive space for meaningful collaboration. Serving almost 4000 young people across the city, PACT strives to play a pivotal role in facilitating the growing number of community partners in their shared vision to enhance the lives of Birmingham’s communities, and reverse the tide of deprivation and lack of equitable opportunities facing our future generations.

Informed by extensive research, the Trust’s Civic Duty strategic framework and invaluable input from task force partners, our first focused session will centre on the theme of ‘tackling and reducing poverty’ and forging connections to drive forward meaningful change.

Community partners arrival: refreshments and networking	13:00
Welcome, introductions and housekeeping	13:20
CEO keynote: Enabling connections to tackle and reduce poverty in our communities: how your collective support will facilitate change Q&A	13:30
