# Behaviour Principles Statement

## **PACT Statement**

It is a primary aim of the Prince Albert Community Trust that every member of the Trust community feels valued and respected and that each person is treated fairly and equal. We are a caring, inclusive community whose values are built on mutual trust and respect for all.

Our behaviour policies are therefore designed to support the way in which all members of the Trust community can live and work together in a supportive way. Our system is firm, fair and consistent with high expectations of behaviour and conduct. We believe that every member of the school community has the right to learn and teach. Staff will actively challenge poor behaviour and attendance, discrimination, inequality and bullying at every opportunity.

The Trust expects every member of the school community to behave in a considerate way towards other. We treat all pupils, parents/guardians and staff fairly and apply our behaviour policies in a consistent way. We strive for our pupils to be courteous, well-mannered, responsible, equipped with the tools to achieve their full potential and increasingly independent members of the Trust community.

We believe in developing an ethos of kindness and co-operation within our school community. Our aim is to support all staff and pupils in understanding and fulfilling our behaviour expectations, support pupils to make the right choices and help them to grow in a safe and secure environment. Our behaviour policies ensure consistency, equity and fairness in approach.
