

Vacancy:

QUANTITY SURVEYING APPRENTICE (Level 4/6)

Location:

Project Wide

What is HS2?

HS2 is a brand new, low carbon high-speed railway critical in supporting the UK's economic growth and tackling climate change. It will provide much-needed rail capacity and is integral to increased economic growth – helping to improve connectivity, create jobs and support the UK economy. Construction of HS2 is underway and the project is already supporting thousands of jobs and businesses around the country.

Role Purpose:

As part of the role, you will assist our Quantity Surveyors by managing the costs of the project at various stages as well as support the effective engagement and management of our supply chain.

Accountabilities:

There will be a wide range of duties including:

- Gathering data and undertaking research on current construction costs under supervision.
- Recording progress on site and helping prepare and maintain records.
- Collecting information required to specify procurement requirements.
- Completing measurements of works and providing information on subcontractors performance.

Skills/Experience:

The following experience is required:

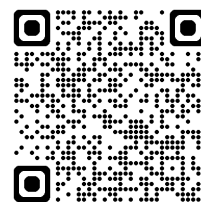

- Construction industry awareness.
- Ability to work in a team and on own initiative.
- Strong written and verbal communication skills.

Apprenticeship Overview:

- Apprenticeship Standard: Level 4 Construction Quantity Surveying Technician/ Chartered Surveyor (Degree) Level 6
- Apprenticeship Length: 36 months/ 66 months
- Entry Requirements: Minimum of 5 GCSE's or equivalent at grade 9-4/A-C including Maths, English & Science/ Minimum of 3 A-Levels or equivalent at grades 4/C.
